

Curious Squirrel's Curriculum

We support and encourage all of our children to aim for the following statements through active play, supportive practitioners and enabling environments.

Communication and Language

To be developing their communication skills (non-verbal, verbal, Makaton signs, gestures, body language, eye contact and other approaches)

To take part in back and forth interactions with adults and other children

To experience and engage actively with stories and songs

Personal, Social and Emotional Development

To experience and develop positive, strong, warm and supportive relationships with adults

To develop and establish a positive sense of self

To develop an awareness of children and their play

Physical Development

To play both indoors and outdoors

To explore and play with rich and varied resources and begin to develop and strengthen motor skills

To pursue happy, healthy, and active lives
